Directors' Report for 1877.

THE Board of Directors of the Mount Sinai Hospital herewith present to their Patrons and Members a report of its workings for the year ending November 30th, 1877.

The details of the same will be found in the accompanying reports, viz. :

A. Report of the Executive Committee, which gives a full and precise statement of the working of the Hospital.

B. Report of the Finance Committee, which gives a detailed statement of the receipts and expenses for the year, together with the resources and financial position of the Hospital.

C. Report of the House Staff and of the Dispensary Department.

It is with great satisfaction that your Board is able to inform its Patrons and Members that, notwithstanding the fact that the extreme financial depression of the last few years still continues, yet during the past year our roll of Patrons and Members has slightly increased. This, taking into consideration the numerous losses of subscribers that always occur on account of deaths, removals, and disabilities, is a cause for congratulation, and in this connection we must heartily thank the committee appointed at your last annual meeting who have co-operated cordially with your Board and secured us many new names.

In accordance with a resolution of our Board, passed April 8th, 1877, it was

Resolved, "That there should be published in each Annual Report a list of the bequests made to our Hospital, from its commencement up to the date of the closing of each Report." This will be found included in the Finance Committee's Report. From causes beyond the control of this Board, the list may be found imperfect, and in case any omissions should be discovered, your Board will be thankful if their attention is called to the same, and such error will be corrected

It gives great pleasure to your committee to record, under the increased usefulness of the Hospital, the enlargement of its medical staff to the number of eight, by the addition of Drs. D. M. Stimson, I. Adler, and John T. Darby, as attending surgeons; and Dr. Gustave Langman as attending physician; furthermore the organization of a new department (gynæcological) for the treatment of female diseases under the direction of Dr. Emil Noeggerath.

We had to deplore during the past year the loss from our medical staff of Dr. Isidore Stachelberg, who will ever be remembered with gratitude, as well as Dr. Ben. I. Raphael, who, while in health, gave us able and faithful service, felt himself compelled on account of his impaired strength to retire from the staff.

We are enabled to state that an alteration has been made during the past year in the arrangement of the resident staff at the Hospital. The wards have been divided into Medical and Surgical Departments, over each of which a senior and a junior physician or surgeon takes charge, who acts under the direction and care of our medical staff of experienced practitioners, to whom the daily visits and practice at the Hospital are allotted.

Your committee bear cheerful testimony to the diligence and faithfulness wherewith Drs. D. H. Davison and Herman Hardrich, as seniors; and Drs. Alfred Meyer and Benson Feldman, as juniors, have worked to make the new system a success. Experience has taught your committee that the disturbance occasioned by the frequent calls of the senior physician from their practice for the purpose of examining applicants for admission to the Hospital has worked injury to the patients and has been trying to the applicants, who often had to wait long until they were examined. For this reason, under the advice of the medical staff, it was thought best to appoint an Admitting Physician, experienced in his profession, and who attends daily two hours, 11 o'clock A.M. to 1 o'clock P.M. (at the Hospital), Sundays from 10 to 12 A.M.; besides two hours at his private office, 8 to 9 A.M. and 6.30 to 7.30 P.M., for the examination of applicants. Dr. J. Rudisch has until lately satisfactorily filled this position, and upon his resignation Dr. David Froehlich, 225 East 48th street, has been

appointed, who now attends to that duty. The salary for this service has been fixed at five hundred dollars per annum.

For the successful work accomplished at the Hospital we are under great obligations to our medical staff. The ability, diligence, and untiring energy, wherewith the eminent physicians connected with our Institution have performed their labors are praiseworthy in the highest degree, and no hospital has reason to be prouder of a more respected or more capable corps of physicians and surgeons upon its staff than the Mount Sinai Hospital.

The great and beneficent work of our Dispensary Department is of so vast and important a character that the Mount Sinai Hospital has every reason to be gratified with its workings. For the number of patients treated in this department alone the prescriptions given free of any charge were 21,187. To the two rooms heretofore used, two more have been added, and supplied with the necessary conveniences, thus providing separate accommodations for the four departments (Internal, Surgical, Female, and Children). As an instance to exemplify the service rendered to the poor by our Dispensary, we would mention that 165 prescriptions were dealt out one single afternoon.

The reputation earned by the staff of this department is very commendable; the good name and fame of our institution has won blessed rewards from the arduous, able, and faithful duties performed by its staff of physicians. Whilst we have reason to be thankful to every one of them for their labor gratuitously done, we desire to bear our especial testimony to the efficient and capable manner wherewith, in the Children's Department, Dr. Mary Putnam Jacobi has been practising. The diligence and love which she brings to her work are in the highest degree commendable, and we earnestly trust that she may be spared for many a year to come, to bless our sick by her presence and help.

We have on a former occasion dwelt on the difficulties the Hospital has to encounter from the frequent appeals for admission of incurable cases. We have taken such as we thought that we could improve at all for a time, but our capacity is not adequate to receive

any large proportion of the many constantly applying for admission. The need of a separate institution for incurables will be keenly felt until its place is supplied. We beg to suggest to wealthy philanthropists that here is an opportunity to immortalize themselves, by the establishment of an institution which would accomplish great good among our people, and would relieve the hospital from providing for cases which do not at all belong to its sphere. A hospital, being an institution for the cure of the sick, fails of its object when its wards are filled by those who can be lodged just as well elsewhere, inasmuch as medical aid would relieve their distress, but when at the hospital, they occupy the room and exhaust the resources which should be devoted to patients whose maladies medical remedies can remove, and who remain a comparatively short time, whilst incurable cases often linger for years.

Complaints will continually be heard from those who are not aware of our proper duty in such cases, or who believe that, because there is no other institution to receive their friends or themselves, that this hospital, erected for other purposes, must supply their wants. We can but patiently bear their reproach, and hope that the enlightened judgment of our members will appreciate the difficulty.

Next to the injury arising from this cause, we desire to mention another lamentable use for which this hospital too often is required, wherewith your committee is sorely tried, and its refusal to admit is sometimes little understood by the public.

The death-rate of the hospital is largely increased, because, when sick people are so far gone that the near approach of their death is plainly perceptible, they are frequently brought to this Institution by poor relatives, in order to avoid the expense and trouble of their funeral. Though not proper cases for a hospital, as their condition is removed beyond medical aid, it is considered cruelty on our part when such cases are brought before our door, usually without previous application, and we refuse them admission.

The Ladies' Auxiliary Society, for whose noble work praise has so often been deservedly bestowed, seems, during the past year, to

have outdone itself by the excellence of their work. There has been no lack of anything which was wanted at the hospital, and which these kind-hearted ladies have undertaken to provide. Whatever was furnished was good and substantial, and with grateful hearts we can cheer these faithful workers of humanity: "Keep on in well doing."

The Jewish clergy have honored us with their calls during the year, and we have to thank the Rev. Drs. Isaacs, Adler, Einhorn, Gottheil, Huebsch, Jacobs, and Mendes. We deplore the loss of one of their number, the death of the Rev. Mr. Lyons, who was always constant in attendance at our hospital, and even while in continued ill-health, did not cease to visit our sick and strive to comfort them with kindly sympathy.

Our superintendent and his wife are, as ever, attentive and devoted to their duties, and they merit our warmest praise for the conscientious and able manner in which they discharge them.

Our thanks are due to the proprietors of the *New Yorker Journal*, the *Evening Express*, the *Jewish Messenger*, the *Reformer and Jewish Times*, *Young Israel*, the *Hebrew Leader*, for their kindness in furnishing our inmates with their valuable journals free of charge.

Still another year have our sick been gladdened by the beautiful flowers so kindly sent by the Ladies' Flower Mission.

The arrangement whereby this hospital takes care of the sick children of our Hebrew Orphan Asylum enabled us to treat twenty-five of their little wards. Though we deplore with our sister institution that these little children should be placed on beds of sickness, we rejoice that the Mount Sinai Hospital has been, under God, the means of restoring them to health again.

Report of the Finance Committee.

To the President and Board of Directors.

GENTLEMEN:—THE FINANCE COMMITTEE herewith present to you their annual statement for the year ending November 30th, 1877.

The receipts of the Hospital, during that period, were as follows:

From Patrons and Members.....	\$25,977 50
“ Pay Patients	2,782 81
“ Interest.....	6,959 18
“ Legacies and Bequests	1,250 00
“ Perpetual Beds.....	2,500 00
“ Book of Life.....	130 00
“ Donations.....	4,763 74
“ Sundries.....	43 03
	\$44,406 26

Schedule “*A*” hereto annexed contains a detailed statement of the Support Account, amounting to \$44,357 59

Schedule “*B*,” a list of Legacies and Bequests; schedules “*C*” and “*D*,” the donations entered in the Book of Life, and those received from other sources; schedules “*E*” and “*F*,” the perpetual Bed and Life-Bed Accounts.

Schedule “*G*” contains the Hospital Building and Property Account; schedule “*H*” the balance sheet of the Books; schedule “*I*,” a list of the Bonds and Mortgages held by the Hospital on account of its Sinking Fund; and schedule “*J*,” the Bonds and Mortgages (of the Phillips Estate), held jointly with three other societies.

The accounts of the Treasurer have been examined and found correct.

We gratefully record the receipt of the various donations, legacies, etc., etc., specified in the annexed schedules, and deem it but just and proper to call attention to the good work accomplished by a committee of fifty gentlemen, who have successfully undertaken the task of obtaining for us additional patrons and members.

To each of the members of this committee our sincere thanks are due, and their efforts, so well begun, we trust to see continued in the coming year, so that with their help and with the co-operation of others equally well disposed towards the Hospital, we may still further add to the means and correspondingly enhance the usefulness of our beloved institution.

Respectfully submitted,

ISAAC BLUMENTHAL,
FERDINAND KURZMAN,
V. H. ROTHSCHILD,
H. H. NATHAN,

Report of the House Physician.

To the President and Board of Directors of Mt. Sinai Hospital:

GENTLEMEN :—We herewith submit a report of the transactions of the medical and surgical service for the past year. By the establishment of an admitting physicianship, and of a separate resident staff for either department, it has been possible to devote far more time than formerly to the treatment of the patients, and although the number of the latter has not exceeded that of the foregoing year, yet the sum total of the grave diseases has been unquestionably greater.

A glance at the list of operations, too, reveals the fact that our institution has been very active in its treatment of the injured and crippled.

A serious loss has been sustained in the decease of Dr. Isidore Stachelberg, whose earnest labors and genial conduct had won admiration, and in the resignation of Dr. Benjamin I. Raphael, whose illness would no longer permit of his fulfilling the duties of Attending Surgeon.

Our assistants, Drs. A. Meyer and B. M. Feldman, have conscientiously performed the duties allotted to them, and merit our sincere thanks.

The Superintendent has invariably united with the staff in endeavoring to further the aims of the hospital.

Our instrument-case has been generously increased by the Directors whenever the occasion called for it.

Lastly, in view of the difficulty of obtaining good nurses, it may not be amiss to call attention to those who have been for years faithful guardians of the sick in our hospital, and whose assiduous care is so valuable an adjunct to medical treatment.

Respectfully,

D. H. DAVISON, M.D.

Resident Physician.

HERMAN HARDRICH, M.D.

Resident Surgeon.

Report of Medical Staff of Out-Door Department.

DECEMBER 29th, 1877.

To the President and Board of Directors of Mount Sinai Hospital.

GENTLEMEN :—We herewith submit to you the report of the Out-door Department for the year 1877.

In doing so, we desire to express our obligations for the uniform courtesy extended us by your honorable Board, and for the alacrity with which our various requests for instruments, case-books, and other conveniences have been granted.

We desire further to express our satisfaction at the recent adoption of rules and regulations for our guidance in our relations with your honorable Board and the Medical Board of the Hospital, which rules, supplemented by the By-Laws lately adopted by ourselves for our own separate organization, will, we doubt not, serve to establish still more firmly and increase the beneficial influence hitherto manifestly exerted by the department under our charge.

In presenting the accompanying list of diseases treated in the Out-door Department, it seems but fair to say, in explanation of the comparatively small number of patients appearing in the Department of Diseases of Women, that these cases, besides being naturally in a minority, are generally of a chronic character, extending often over months and years, and were therefore, as a rule, entered but once in the year. In the other departments, in which the affections are usually more acute and temporary, it was left to the discretion of the physicians in attendance to determine when the inception of a new disease in a given case required a fresh entry in the book.

Respectfully submitted,

In behalf of the Staff,

E. J. MESSEMER, M.D.,

Secretary.

PAUL F. MUNDÉ, M.D.,

Chairman.
